Dr. Schaller has been with the company since 1990, in which time he has occupied various managerial positions in the Engineering sector. Most recently he has been a member of the Business Unit Management with responsibility for the development of trucks over 16 tonnes and of strategic components – cabs, axles and transfer case – for all vehicles.

The successor of Dr. Schaller will be Dipl.-Ing. (FH) **Bernd Maierhofer** (46) – Engineering Manager and member of the management of the Business Unit Heavy Trucks. He started his career at MAN Nutzfahrzeuge in 1992 as a project engineer in the Advance Development department. Since then he has held responsibility in several positions in the Engineering and Electronics sector. He is currently head of the Central Division for Electric and Electronic Systems at MAN Nutzfahrzeuge.
